ABOUT NUHS FUND

NUHS Fund is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

NUHS Fund supports research, education, and patient programmes to fulfil NUHS' vision of shaping medicine to transform care for a healthy Singapore community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

© This report is intended for donors. Please contact the NUHS Development Office at (+65) 6772 5552 or nuhsfund@nuhs.edu.sg should you wish to share this report with others.

The Giving Tree

BY CITIZENSHIP

Based on application data

Majority of our applicants are Singaporeans.

83%
Singaporeans

9%
Permanent Residents

8%
Resident Foreigners

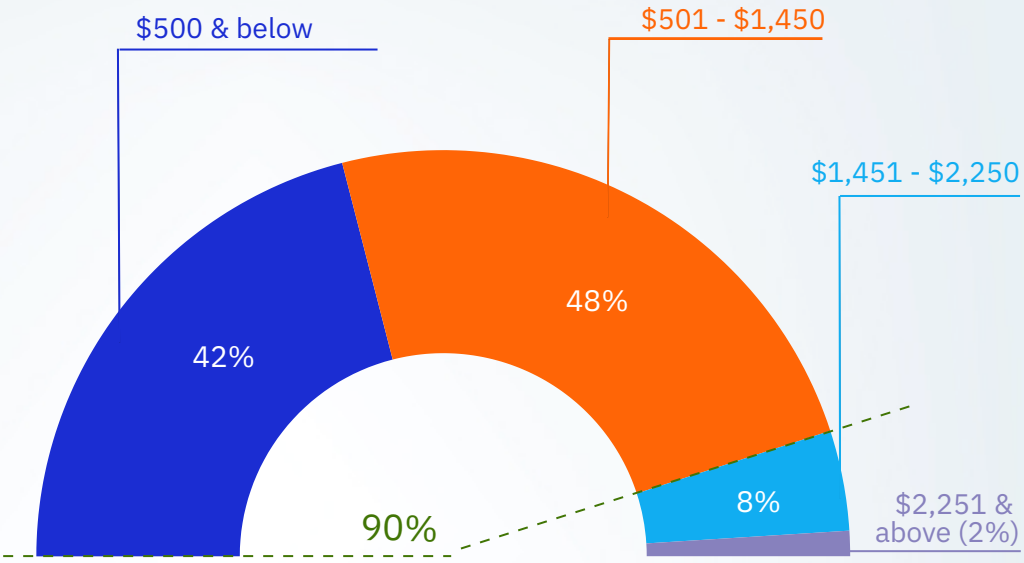
Support is given to Singaporeans and Permanent Residents for costs not supported by other assistance schemes.

The fund also supports Resident Foreigners who have spent a "reasonable" time in Singapore and are part of our Singapore community.

BY PER CAPITA INCOME (PCI)

Based on application data

90% of applications come from the **lowest 20% PCI** of our community, measured by Department of Statistics (Household Income), 2025.



BY AGE GROUP

Based on dollar amount supported

Chronic diseases are prevalent among beneficiaries aged 45 and above.

BELOW 16
20%

Your Gift Matters!

7-year-old Jie Rong was diagnosed with Atopic Dermatitis as an infant. During flare-ups, the intense itch would leave him constantly scratching in an attempt to find relief, which affected his sleep and wellbeing.

Determined to help their son, Jie Rong's parents sought treatment from various clinics before he was eventually referred to NUH. As his condition was considered severe, Jie Rong required a specialised skin cream and regular follow-up care. His treatment costs placed a significant financial strain on his parents who were already struggling to make ends meet on a modest income.

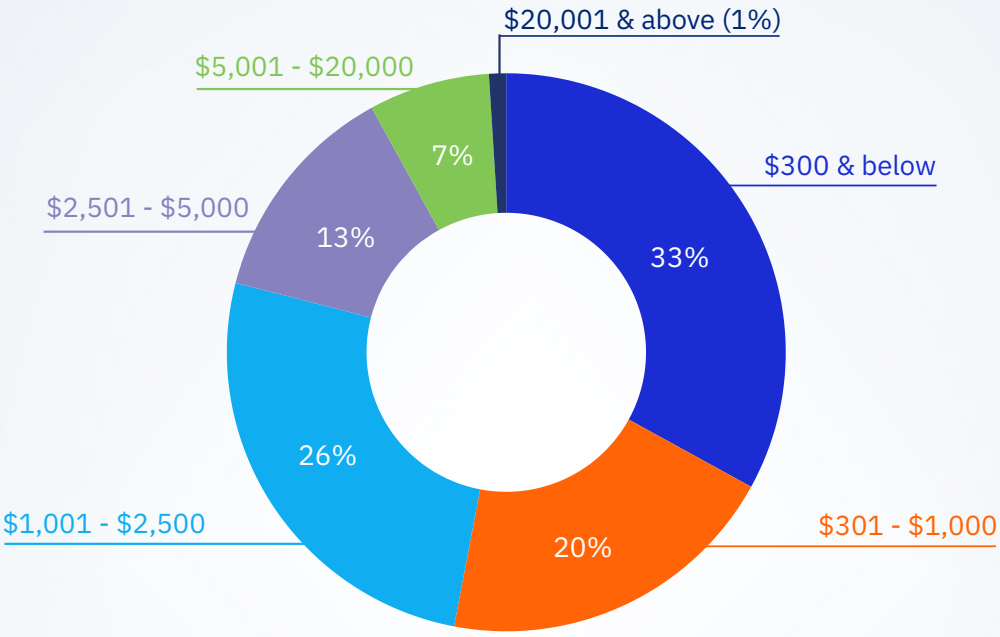
Thanks to your generosity, Jie Rong's parents received much-needed assistance with his medical expenses, allowing them to focus on his wellbeing.

"We are grateful for the help received. Without your support, it would have been very tough for us." – Jie Rong's mother

BY FUNDING AMOUNT

Based on application data

Funding amount is decided based on financial assessment by Medical Social workers.



BY CONDITION

Based on dollar amount supported

There is a growing number of beneficiaries with chronic conditions.

Multiple Comorbidities
21%

Your Gift Matters!

Diagnosed with Stage 3 Cervical Cancer in 2019, Mdm Wong underwent a successful course of treatment, including chemotherapy. However, during a recent routine scan, she discovered that the cancer had returned and spread to her lymph nodes.

While Mdm Wong was previously able to support herself through her work as a factory operator, she had to resign eventually due to worsening health. With only modest savings, she found it difficult to cope with both her daily expenses and hefty medical bills.

Your generous support has given Mdm Wong much-needed financial relief, allowing her to fully focus on receiving timely treatment.

"I am thankful for your support, which has lifted a huge burden off my shoulders." – Mdm Wong
