NUH CHILDREN'S FUND DONOR REPORT

(April 2024 to March 2025)

Scan this QR code or visit for.sg/abtnuhsfund to find out more about us!

ABOUT NUHS FUND

NUHS Fund Limited is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

ABOUT NUH CHILDREN'S FUND

NUH Children's Fund supports children undergoing treatment at the Khoo Teck Puat – National University Children's Medical Institute (KTP-NUCMI), the paediatric arm of the National University Hospital and principal teaching facility of the Department of Paediatrics of the Yong Loo Lin School of Medicine, National University of Singapore.

The focus of KTP-NUCMI's academic, research and clinical programmes is to find better ways to assess, manage and treat paediatric conditions to enable our young patients to realise their fullest potential and achieve their best in health and in life.

Philanthropic support provides us with the extra assistance to excel in what we do – provide the best possible outcomes for our young patients. Your support will help to change the future of these young lives in Singapore.

Your Gift Matters!

Mikail is 18 years old and suffers from multiple conditions, including spastic- dystonic quadriplegia cerebral palsy (a lifelong severe congenital condition that is characterised by paralysis of both arms and both legs, with muscle stiffness), failure to thrive, swallowing dysfunction and hip dislocation. To manage his growth needs, he requires long term fortified milk formulas.

His father is the main breadwinner of the family but earns a limited income as a freelance barber. Due to his medical condition, Mikail is wheel-chair bound and dependent on his mother for care, and she is only able to work as a part-time mail sorter while juggling his care.

Your generous support has eased the financial strain on Mikail's family and enabled him to receive the necessary milk feeds to increase his weight and meet the optimal weight gain required.
