ABOUT NUHS FUND

NUHS Fund is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

The charity was set up to promote medical research and development as well as provide health related services for the benefit of the Singapore Community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

ABOUT THE HEART FUND

The NUHCS Heart Fund, a sub-fund of NUHS Fund, was established to assist financially disadvantaged patients in their journey towards better heart health, as well as supporting continuous medical research and education programmes in the field of cardiovascular diseases.

Your Gift Matters!

Revi lives with Triple Vessel Coronary Artery Disease and requires long-term follow-up at the National University Heart Centre, Singapore (NUHCS).

In 2025, his condition deteriorated and he had to undergo a medical procedure. By then, Revi had already exhausted his medical and hospitalization leave entitlements and had to apply for unpaid leave from work. The loss of income, combined with mounting medical bills, left him and his family struggling to cope.

Your generous support allowed Revi to receive timely financial support and focus on rebuilding his health.

"The financial support has made a real difference to me. It has helped ease my financial burden and allowed me to focus on my daily needs with greater peace of mind. I'm truly grateful for the support." – Revi
