ABOUT NUHS FUND

NUHS Fund is a Company Limited by Guarantee (CLG) and a registered charity with IPC status.

NUHS Fund supports research, education, and patient programmes to fulfil NUHS' vision of shaping medicine to transform care for a healthy Singapore community.

Your compassion to support patients, especially those assessed to be in financial need, will make a difference in their journey back to better health.

Your Gift Matters!

7-year-old Jie Rong was diagnosed with Atopic Dermatitis as an infant. During flare-ups, the intense itch would leave him constantly scratching in an attempt to find relief, which affected his sleep and wellbeing.

Determined to help their son, Jie Rong's parents sought treatment from various clinics before he was eventually referred to NUH. As his condition was considered severe, Jie Rong required a specialised skin cream and regular follow-up care. His treatment costs placed a significant financial strain on his parents who were already struggling to make ends meet on a modest income.

Thanks to your generosity, Jie Rong's parents received much-needed assistance with his medical expenses, allowing them to focus on his wellbeing.

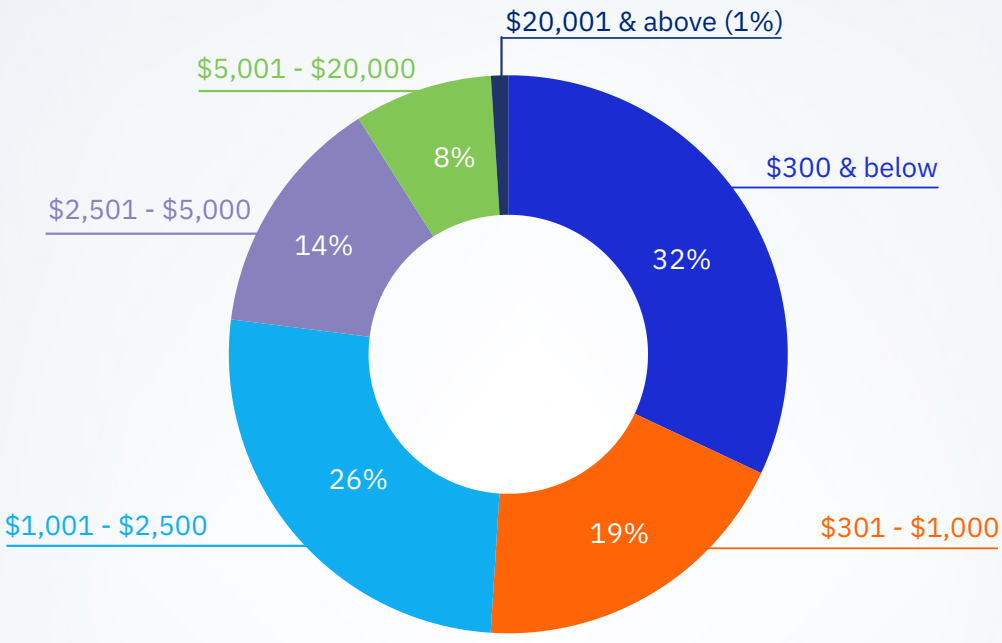

"We are grateful for the help received. Without your support, it would have been very tough for us." – Jie Rong's mother

Diagnosed with Stage 3 Cervical Cancer in 2019, Mdm Wong underwent a successful course of treatment, including chemotherapy. However, during a recent routine scan, she discovered that the cancer had returned and spread to her lymph nodes.

While Mdm Wong was previously able to support herself through her work as a factory operator, she had to resign eventually due to worsening health. With only modest savings, she found it difficult to cope with both her daily expenses and hefty medical bills.

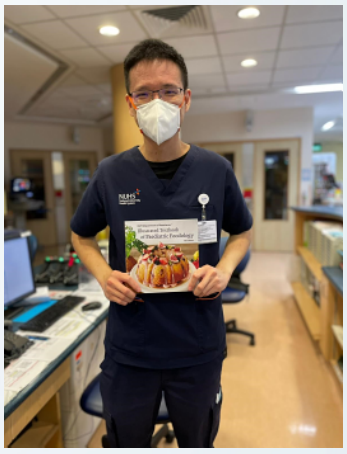

Your generous support has given Mdm Wong much-needed financial relief, allowing her to fully focus on receiving timely treatment.

"I am thankful for your support, which has lifted a huge burden off my shoulders." – Mdm Wong
