The cost of a mammogram can be prohibitive for helpers, who cost an average of 650 monthly. We should lower these barriers so that they will try to forward to RMB.

Breast Cancer Foundation said it is “a good news in the world of our domestic helper community” and is looking to raise funds to offset the costs.

Breast cancer affects three times as many women world-over as men, yet there is a dearth of research on women with breast cancer, according to the National Breast Cancer Foundation.
