**COLLABORATION BETWEEN CAPITALAND LIMITED AND NUHS FUND LIMITED FOR CAPITALAND – NUHKIDS NUTRITION FUND**

CapitaLand recognises that the long-term success of our business is closely intertwined with the health and prosperity of the communities in which we operate. CapitaLand Hope Foundation (CHF), CapitaLand's philanthropic arm, was established in 2005 to further our community development commitment to our credo 'Building People. Building Communities.'

Every year, CapitaLand allocates up to 0.5% of our net profit to CHF to promote the social growth and development of disadvantaged children with respect to their education, healthcare and shelter needs. CHF is a registered charity in Singapore and strongly believes each child has the potential for greatness which, if nurtured and built upon, can bring significant value to future societies. Helping underprivileged children at an earlier stage of development will have a multiplier effect on the beneficiaries' families and the community, which will enable social mobility in the future.

CapitaLand works closely with our partners and stakeholders to identify gaps and support meaningful programmes that will best cater to the needs of underprivileged children in Singapore and the region. We learnt from NUH that some of its paediatric patients who require nutritional therapy may not be able to afford the cost of the special food formulas used in therapy. **To support these children, CHF donated S\$50,000 to create the CapitaLand - NUHkids Nutrition Fund, the first fund in Singapore dedicated to nutritional therapy for young paediatric patients.** Around 20 patients are expected to benefit from the Fund for the first year. This initiative is an extension of CapitaLand's Kid's Food Fund, which was set up in 2010 with the aim of improving the nutrition of underprivileged children in Singapore and across Asia.

To date, CHF has donated more than S\$25 million to benefit underprivileged children in Singapore and overseas.
