

Welcoming a new member
to our NUHS Family

Tengah
Health Campus
nestled in the heart of Tengah Forest Town

“ MOH has commenced planning for a new integrated general and community hospital in Tengah Town to serve the growing population in the western region.

The hospital, to be operated by the National University Health System (NUHS), is targeted to be ready in the early 2030s.”

- Mr Ong Ye Kung, Minister for Health
Committee of Supply 2024

We are excited to expand Singapore’s healthcare facilities and add to NUHS’ overall capacity to serve our residents and community in the west!
